michie.ryan@deq.state.or.us

EPA project team:

For those of you who haven't received this DOGAMI information yet. Step 1+ of multiple ones still being worked out.

As mentioned in our Check in call today, we are meeting with ODF tomorrow on this topic.

Regards,

David

 Subject: DOGAMI Landslide Inventory Report

Hi all,

A few of you may have seen this already but I wanted to forward the report and maps that DOGAMI produced for the landslide inventory in the North Fork Siuslaw and Big Elk Creek watersheds in advance of our Wednesday meeting. See link below.

ftp://deqftp2.deq.state.or.us/rmichie/LS_inReport.zip

I will bring a copy of the geodatabase on DVD. It's too large for FTP.

Cheers,

Ryan
